

EPSRA, AMOCO, come to agreement

The long and drawn out negotiations between the Elk Point Surface Rights Association and Amoco Canada Petroleum regarding the Elk Point Project: Phase 2 have now been concluded with a satisfactory agreement. As a result, land owners will realize a rental increase of \$500 per well on certain wells if they choose to adopt a variable lease compensation option for rental payment.

The EPSRA registered an objection to the Project early in 1992. Negotiations to address the socio-economic and environmental concerns associated with this project have been going on since November 1991.

The stumbling block was the rental payment for additional wells on multi-well leases. Most of the present

wells are being drilled from existing sites and resolving this economic issue became essential before further development could be allowed to proceed.

The compromise agreement reached between Amoco and the EPSRA addresses the objectives of both the agricultural community and those of this principal oil company in the Elk Point area.

Under the variable option, a rental increase in the form of a \$500 goodwill payment per well will kick in when a qualifying well becomes active for any time within a calendar year. This addressed Amoco's concern to have heavy oil production costs vary with production levels. It addressed the impacted farmers' requirement of additional re-

venue to take care of increased damages when the wells are producing. An enhanced fixed payment formula still remains available as a second option for those farmers who prefer it.

The environmental issue of overhead power lines has been handed over to a task force made up of Amoco, the EPSRA and Alberta Power. In the meantime, Amoco will not proceed with further overhead electrification of well sites.

Other environmental issues such as noise, traffic and emissions will be addressed at ongoing meetings between Amoco and the EPSRA.

The EPSRA left it to Amoco to improve its public relations image within the impacted community. The EPSRA is satisfied with

Amoco's efforts in this area. The mutual respect between these two major players has vastly improved thanks to Amoco's negotiating team led by their General Manager, Bruce Lounde, and the EPSRA negotiating committee headed by EPSRA President, Alban Bugej.

Final details of this agreement between Amoco and the EPSRA will be available by the date of the Association's annual meeting next March.

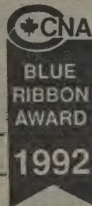

In view of the satisfactory conclusion of these negotiations, the EPSRA will withdraw all its current objections presently registered with the Energy Resources Conservation Board against Amoco's applications.

The ERCB and Amoco have informed the EPSRA that there are still some concerns

filed against this project. They were filed recently by the Elk Point and District Agricultural Society, a recreational group operating within the town of Elk Point. Until this matter is taken care of by the ERCB, Amoco cannot proceed with the development.

"About 69 farmers having Amoco multi-well leases on their lands will benefit from this additional \$500 per well on the qualifying wells if they choose the variable option of rental payments," said Alban Bugej, President of EPSRA. "The Association will now start negotiating with Norcen and Pan Canadian so that all landowners with multi-well leases within the Lindbergh/Elk Point area will have this more desirable option available to them."

Residential power rates to decrease

A recent interim increase in Alberta Power rates approved by the Alberta Public Utilities Board will not result in higher bills for residential customers. Although the interim decision allows the company to increase customer rates by 4.8 percent effective February 1, other rate adjustments, also effective February 1, will actually result in decreases for residential customers. Although the decreases vary among customer groups, farm and commercial customers will also see their bills decrease.

The interim decision is in response to the company's application last fall for an increase in 1993 rates. The increase was required to recover the 1993 costs attributable to the construction of the Sheerness Unit 2 generating station in southeastern Alberta.

The Board's interim decision follows a unique negotiating process with customer group representatives. This novel approach enabled public scrutiny of the power company's application without the conduct of a more costly general rate application.

As a result of the decision, the average bill for a residential customer using 600 kilowatt hours of electricity per month will decrease from \$54.99 to \$53.97.

BLADES WIN AT PIERCELAND TOURNAMENT - Elk Point Pee Wee Blades took top honors in the 'B' Side of last week's tournament at Pierceland, Saskatchewan, defeating Meadow Lake 6-5 with only 15 seconds left in the final game. The Blades are sponsored by Lloydminster Heavy Crude. Congratulations on a great way to start off Minor Hockey Week, guys! More Minor Hockey on Page 12.

Accidents injure four

Two accidents within a half hour Thursday evening resulted in minor injuries to four people. Road conditions were slippery at the time.

The first accident occurred approximately six miles west of the junction of Highways 41 and 28, when the driver of an eastbound vehicle lost control of his vehicle and rolled in the north ditch. Mr. and Mrs. Bill Boyko of Elk Point were both wearing their seatbelts and received only minor injuries. They were taken to Elk Point Hospital by ambulance and were kept overnight for observation.

One of the emergency vehicles responding to that accident was involved in the second accident approximately a half hour later. The Elk Point Fire Department Rescue Van was northbound on Highway 41 approximately a mile and a half north of town when it came up to a small car, also travelling north. Elk Point RCMP report that the car then braked, and the rescue van collided with the rear of the car, causing it to run off the road and into the east ditch. Gladys Marsh and Louise Jassman of Ashmont were taken to Elk Point Hospital by ambulance with minor neck injuries and were later released.

No charges have been laid in either accident, as both are still under investigation.

No quorum for chamber

Elk Point Chamber of Commerce was two members short of a quorum for last week's meeting, but several matters were discussed informally by the eight people in attendance.

Billie Milholland reported on the Lakeland Tourist Association Annual General Meeting on January 16, which she and Vicki Brooker had attended as the Chamber's delegates. Ms Milholland's

nomination was accepted, and she will be part of the Board of Directors again this year. Louise Crane was also nominated and will be part of the Board.

Ms Milholland noted that the LTA has revised their

membership fee structure to offset the decline in provincial funding, but noted that the municipal membership, which went up from 18 cents to 24 cents per capita, is still the lowest membership rate of any tourist zone association in the province. Most are \$1 per capita, and several are much higher than that. The Chamber's membership in the LTA this year will cost \$50.

Historical Society elects 1993 executive

Elk Point Historical Society held their 1993 Annual Meeting on January 12, and elected their executive for the coming year. Sheila Thompson will remain in the President's chair for a second term, with Gail Kozycky as her new Vice

President and Dorothy Malinowski as Secretary. Louis Verhagen was nominated as Treasurer and is presently deciding if he can find time to fill that role.

Annual reports from the President and Treasurer

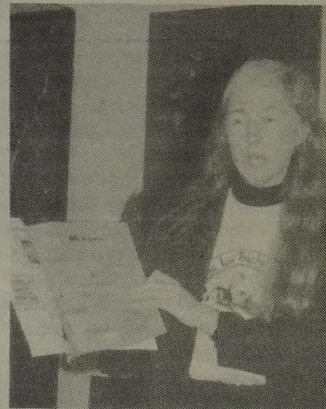

were circulated and adopted. It has been the busiest and most exciting year ever for the group, with the dedication of the Historical Mural, the opening of the long awaited Fort George - Buckingham House Interpretive Centre,

the Bicentennial celebrations and the formation of the Friends of the Forts.

Michale Lang of Lac La Biche Mission was a very interesting guest speaker at the meeting. Ms Lang is the Executive Director of the Mission, and works at fundraising, marketing and on the restoration project for that historic site. She brought along slides which showed the restoration of several buildings, including a shop, the convent, church and chicken house, since the site of the mission, built in 1855 and used until 1963, was given provincial historic site status in 1987. The buildings at that time were in severe disrepair, but are slowly and carefully being refurbished to preserve the history of the area.

The convent was the first in Alberta, and the mission also boasted Alberta's first sawmill, first printing press and the first commercially grown wheat and one of the first gristmills. The site offers education and interpretation by means of guided tours, and follows four themes designated in its master plan: religion, education, industry and transportation.

It was the latter, the mission's part in transportation, that helped the site obtain

MICHALE LANG - Lac La Biche Mission.

national historic site status in 1990. Lac La Biche was the terminus of the first 'cut road' which led to Fort Pitt and Fort Carlton, and on to the Red River settlement. Goods brought up the road were stored there over the winter before being hauled on scows up the Athabasca River.

The mission is open for guided tours from 10 a.m. to 6 p.m. daily through the summer months, and has a number of celebrations, such as a multi-cultural Canada Day event, and a symbolic wheat harvest celebration in the fall.

Ms Lang also gave a number of tips on volunteer management that were very helpful to the Historical Society.

FGM grade 9 French class exchange program

Charlene Baker

On Wednesday evening, January 6, parents of the Grade 9 French Class met and discussed the possibility of a student exchange with another school in Beaucombe, Quebec. There were 16 families present and all were in agreement that this would be an excellent learning experience for our students to participate in this type of exchange.

The exchange program is organized by the Society For Educational Visits and Exchanges in Canada (SEVEC), which is a national, non-profit, charitable organization whose mission is to create enriching opportunities for young Canadians to develop mutual respect and understanding through programs of exploration in language and culture. F.G. Miller has been a member of SEVEC for the last two years. This year is the first time our school has been "twinned" with another school from the East to exchange with.

Twenty students from Beaucombe, Quebec will be arriving here in Elk Point some time in the latter part of March and will stay a week. They will be "twinned" with a student and family here in Elk Point, to share our daily family living, school and education system, and our community life. Our students will then visit Beaucombe, and their host families, in mid-April. SEVEC stresses that visiting students become involved and learn about the community they are visiting, so big trips outside the community to other parts of the province are not a priority. Emphasis will be on the host community, their culture, daily life and activities, and places of interest in the surrounding area.

After discounts and subsidies through SEVEC, it will still cost our students approximately \$14,000 for travel at a cost of approximately \$700 per student. The students will be organizing some fundraising activities to bring down the cost of travel to a reasonable and affordable level. The first activity will be a chocolate drive, to commence shortly. Our time

frame is limited as the fees for travel are due by mid March. Ordinarily, "twinning" of schools is done in early September but F.G. Miller was not selected at that time. Fortunately another school dropped out and F.G. Miller was given the option to take their place in late December. Although this severely cuts our time down for fundraising activities, we are confident enough money can be raised to lower the amount each student must pay for travel to an affordable rate.

This is an excellent opportunity for these students to travel and experience another region of Canada that they would not ordinarily see, use their second language skills in everyday living situations, and appreciate Canada's diversity. This is also a great opportunity for the community of Elk Point, to show off our culture and heritage. We hope that everyone, businesses, Chamber of Commerce, service groups and Town Council will generously support this endeavor by our students and help make the visiting students feel welcome and fully appreciate the renowned hospitality of the West.

Chamber

(Cont. from Front Page)

Sid Holthe and Mark Wilson have gone over the Chamber's bylaws in preparation for the February 3 Annual Meeting. While no changes were suggested by those in attendance at last week's meeting, Holthe urged the executive to be familiar with the bylaws and to bring any suggestions for changes to the Annual Meeting. The bylaws state that 10 members are required for a quorum, and this was questioned, but it was decided to leave it unchanged.

Hauled grain to UGG in the past six years?

DON'T MISS OUT ON THE SHARES YOU'VE EARNED.

You are entitled to receive valuable common shares from United Grain Growers if you delivered grain to UGG in the six-year period ended July 31, 1992.

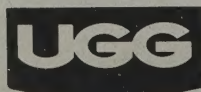

But, our Company By-law states that only members of UGG qualify to receive common shares based on their grain deliveries. To be a member, you must own a UGG Class "B" Membership share.

In early January, we sent a letter to all permit book holders who delivered grain to UGG in the past six years, and to the best of our knowledge did not own a "B" share. The letter explains how to purchase a UGG Class "B" Membership share.

You must own a Class "B" Membership share by February 15, 1993 if you want to take part in this share allocation.

For more information about your eligibility for these common shares, call our toll-free phone line Monday to Friday, 8 am to 4:30 pm, CST.

volunteers are available to help. It is a **FREE** service. And, who knows, you may find the government owes you some money! Find out by having a volunteer fill out a tax return for you. This service is only available for straightforward tax returns for those who need help. All information is kept strictly confidential. For more information, or to get volunteer assistance, call Community Services at 724-3800.

VALUES AND BENEFITS OF RECREATION

Have you ever stopped to think about some of the values and benefits that recreation can play in your life? Let's look at some personal benefits of recreation.

1. Physical recreation and fitness contributes to a **full and meaningful life**. The physically fit person is able to enjoy life more fully, is less prone to injury and is more productive (both at work and in the community).

2. Regular physical activity is one of the very best methods of **health insurance** for individuals - Even moderate amounts of physical exercise significantly reduce the risk of heart disease.

3. Relaxation, rest and revitalization through the opportunity of leisure is **essential to stress management** in today's busy and demanding world - Stress is a serious issue in modern society - all of the popular "prescriptions" or solutions highlight the role of leisure and relaxation.

4. Meaningful leisure activity is an **essential source of self-esteem and positive self-image** - The skills we develop through discretionary activity, leisure and personal avocations build confidence, self-esteem, mental health and feelings of success.

5. Leisure provides the opportunity to lead **balanced lives, achieve our full potential and gain life satisfaction** - There is no greater opportunity for people to experience self-actualization than through leisure and the spiritual renewal, creative expression, discovery and stimulation of self that it offers.

6. **Children's play is essential to the human development process** - Physical activity is intellectually sti-

mulating and enhances the learning process and the development of cognitive skills.

7. Leisure opportunities for youth provide **positive lifestyle choices and alternatives** to self-destructive behaviour - Youth that enjoy full and active lives are much less likely to turn to self-destructive behaviour (e.g. drug abuse, suicide). The provision of meaningful and involving activities for our young people deters negative social behaviour (e.g. vandalism and petty crime).

8. Parks and open spaces bring beauty to an area while **giving people satisfaction and improving their quality of life** - Parks enhance the quality of life and contribute positively to the mental health of its citizens.

LIONS CALENDARS ARE NOW AVAILABLE

The 1993 Lions Club Birthday Calendars are now available for pick up and delivery. To obtain one, call Marshall Kachmar at 724-4351.

CROSS COUNTRY SKI AT ELK POINT RECREATION PARK

Special thanks to Ray Hellquist who volunteered his time and machine to set some cross country ski tracks at Elk Point Recreation Park. The tracks are now ready and waiting for some skiers to use them! Thanks, Ray!

ANYONE INTERESTED?

Bus and Swim...Broomball? If anyone is interested in bus-ing to St. Paul for a weekly swim...or...forming a fun broomball team in Elk Point... Please call Community Services at 724-3800. Both programs can start as soon as there are enough interested participants.

ANGER: THE MISUNDERSTOOD EMOTION

You're out walking and see someone you know, so you wave at them. They turn the other way and ignore you. You interpret their actions as a rejection and feel angry. Are you right? Or have you made a value call? Attend "Anger: The Misunderstood Emotion" and find out!

This workshop will take an

in-depth look at understanding anger, learning how to control your temper, values, internal tensions and more. Instructor David Beale has 17 years experience as a Family Counsellor.

The workshop will be held on Saturday, February 6 from 10 a.m. to 4 p.m. Cost is \$5 and you can register through Further Education at 724-4101. Bring a brown bag lunch. Call Community Services at 724-3800 or Further Education at 724-4101 for more information.

WELCOME

Community Services would like to welcome Hazel Hannah as the new Meals on Wheels volunteer driver. Welcome aboard, Hazel! Also, special thanks go out to Andy Zazulak who has "retired" as the Meals on Wheels driver. All your years of dedicated service, time and effort are truly appreciated. You always went above and beyond the call of duty - thanks, Andy!

For those of you who aren't familiar with Meals on Wheels, it is a program that is coordinated between volunteers, the Elk Point Hospital and Community Services. Meals on Wheels provides a hot, nourishing noon meal to those who are unable to prepare their own. Daily contact and visitation is another role that the driver often plays. The meals are prepared at the Elk Point Municipal Hospital under the supervision of dietician, Charlotte Engstrom, and are delivered by the volunteer driver, now Hazel Hannah. Volunteers Olga and Mike Ruzycski coordinate the program. There is a nominal charge of \$4 per meal. Call Olga and Mike at 724-3547 for more information.

FAMILY DAY

Family Day is fast approaching. This year it falls on Monday, February 15. A

number of activities are planned for Elk Point. If you have any event planned, give Community Services a call. We'll gather information on the events and put them in

the Community Calendar. The Elk Point Curling Club has generously donated some free ice time for families to get together and have some fun curling on Family Day.

COMMUNITY SERVICES

presents

ANGER: The Misunderstood Emotion

This workshop will take an indepth look at understanding anger, learning how to control your temper, values, internal tensions and more!

Date: Saturday, February 6, 1993

Time: 10:00 a.m. to 4:00 p.m.

Place: Further Education Centre

Fee: \$5.00

Second hand smoke

Dear Editor:

Our Grade Five class is most interested and concerned about the effects of smoking upon our health. We want a better and cleaner community. We want to breathe pure, fresh air when we go to public places. We're tired of having our clothes smell after we've been out someplace.

So many times, we've been out with our parents to an office or some public place, where a cigarette is just smoking away in the ashtray. How disgusting! We're glad we don't have to wash those ashtrays. Some of us are really going to get after our parents now. We want them to be healthier as well. We love our parents. We don't want them to suffer from those ill-effects of nicotine such as heart disease or cancer or emphysema. If we could, we would offer large prizes to all those who would quit smoking. Our class has come up with some ideas on how to have a smoke-free community.

We feel that our town should sponsor things such as stop smoking seminars, offer

courses to our people, provide books and tapes to our library so that smokers may use these to help them quit. We also feel that there should be some free sessions given as statistics show that many people who smoke are in the lower income bracket and find the cost of these methods to be rather high. We, as a community, should help our people. Don't you all want to breathe easier?

Our class also thinks that teenagers should have a licence to smoke -- that a law should be brought into effect. This law would be like a driver's licence -- but the fee for a smoking licence should be at least five hundred dollars. Why can't our government do this? This would stop teenagers from starting the habit; don't you agree? We're tired of all this second-hand smoke -- and it's time to act now, so that by the year 2000 -- we will all live in a smoke-free environment.

Another point of view for teens

Bridget Montgomery

Another Point of View is for teens to talk about problems that they're facing. All correspondence will be presented confidentially. Please send all letters to ANOTHER POINT OF VIEW, c/o Elk Point Review, Box 309, Elk Point, AB., T0A 1A0.

Dear Bridget:

Some of my classmates are cheating on exams, not just to pass but to get the highest grade. Should I be a nerd and tell or keep it to myself?

Dear Student:

First of all, let me commend you. Peer pressure is POWERFUL. You can recognize when that pressure is negative and you feel strongly enough about this situation to actually do something about it.

The issue is to respond to the problem in a safe way. I know the risks are real. Have you thought about anonymity? You might ensure that a copy of this article reach the principal.

Dear Bridget:

I belonged to a small group of girls, and within the group we each had a close friend. Now not only do I not feel part of the group, but I've lost my close friend and no one will tell me what I've done to be

left out.

Dear Student:

Something seems to be missing, either someone has deceived you and perhaps set you up, or you have unintentionally offended your friends.

If you are being snubbed at school you might consider visiting the person you felt closest to at their home so that you don't have any interference or group pressure as you try to find out what has caused this falling out. Quite likely, your friend will relax a little and honestly discuss the reason she is acting the way she is. If she is a worthy friend and you have done nothing to deserve the treatment you have received, she will support you and help you sort this problem out with the others. If she refuses to help you, you may want to consider putting your energy into new friendships. Yes, it will hurt for some time, but eventually your interest in being a part of that group will diminish, and you will probably feel little respect for them and a lot for yourself.

Dear Bridget:

My mom does not like my boyfriend. We used to be really close and now we can't talk at all. I want to tell her things

about my boyfriend so that she will like him but we always seem to come to blows. What can I do?

Dear Student:

Perhaps there is more to look at here than the conflict about your boyfriend. Communication, especially from generation to generation, can be very intense and very difficult. I hear you saying that you want to be close to your mom. Maybe that's where you should start. Being close to another person involves being sensitive to their feelings, and even though we may not agree with them, we need to let them know we understand their feelings. Looking at the feelings behind your mother's reactions may help you deal with them differently. Your mom may be worried that you are going to get hurt or make a mistake that could limit your future. Whatever her fears, they stem from her love for you.

You have a chance to prove your maturity here. Perhaps by focussing on communication rather than the conflict that erupts over your boyfriend, you mom will feel greater trust in your decisions, she may then understand how you feel about your boyfriend.

ACTIVE LIVING FULL OF FAMILY BENEFITS

Families are the foundation of encouraging well-being and developing healthy children. It's where we learn about each other. Here are some highlights of the benefits of recreation for families.

- When you're active as a family you set a healthy lifestyle example for other families.

- Through recreational activities your whole family encourages each other to be confident, creative and build up each other's self esteem.

- Recreation brings together all members of your family - grandparents, aunts, uncles, cousins, etc.

- Playing together and spending time together promotes close healthy relationships in the family.

- Participation in recreation activities together helps build a stronger family unit.

- Introducing good activity habits to your children at an early age develops healthy attitudes and values they will hold in their future.

- The family can have fun together.

- Family bonds are strengthened through recreation.

- Csikszentmihalyi and Kleiber (1991) found that the fondest memories people have of their past tend to involve family outings and vacations.

This year make some of those memories and make sure they involve active living. Remember...the family that plays together has fun together!

(Source: Recreation Update)

UPCOMING EVENTS

Feb. 13 - 1993 Family Day Fur Trappers Ball. Outdoor activities throughout the day, followed by a dinner and dance at the Elk Point Seniors Recreation Centre. Call 724-2007 for more information.

GOLDEN ANNIVERSARY - Bill Jennissen of the Elk Point Elks Lodge was pleased to congratulate Mary and Nick Melnyk on their recent 50th Wedding Anniversary. He presented them with an engraved plaque from the Lodge, where Nick is a longtime member.

Planning with the Friends of the Forts

Irene Magnusson

The Annual Meeting of the Friends of the Forts convened in the Elk Point Library at 7:15 p.m., January 20, with thirteen present. Two ladies from Clandonald joined the group later. Frank Mayner was in the chair. Following reading of the minutes, Mayner displayed the framed scroll received earlier. It is hoped it can be hung in the library.

A report was read by Treasurer Jeanne May. Memberships, at \$10 each, were accepted for the coming year.

Louise Crane, manager of the Interpretive Centre, gave a lengthy report of fall events, and many plans for the coming months.

A tour to other historical sites was suggested.

The Striker, the newsletter of Forts activities, has been distributed. Louis Verhagen, its editor, plans three issues per year. He needs graphics to embellish the next issue with.

The upcoming Fur Trappers' Ball, which will follow an afternoon of outdoor activities at the Forts on Saturday, February 13, was discussed. The evening consists of a dinner and dance at the Seniors' Recreation Centre, and tickets are now available. Volunteers are needed to take tickets, etc.

Some suggestions for future enterprises included a contest for a logo design, making some flags, purchase of software discs for the computer (for data storage) and the need for a budget.

Sheila Thompson, President, gave a report. Motions were carried to pay bills. It was noted that membership in the Historical Society and the Friends of the Forts is one and the same. Membership cards will be issued.

Following adjournment, the group enjoyed a snack of tasty bannock, made by Mabel Dumont, and garnished with jams from Dorothy Malinowski, a foretaste of enjoyment to come at the Fur Trappers' Ball.

Further Ed news

The MacPhee Workshop session, "Go Crazy With Creativity" was a major success, with over 40 women present for three hours of really great ideas for interesting and fun things to make and wear. Everything from "Crazy Coats" in fabrics ranging from used denim to velvet, to appliqued sweaters and t-shirts can be made simply using the MacPhee techniques. Our upcoming **Recycled Denim Jackets** course, starting April 5, is taught by a MacPhee trained instructor.

The dates on some of our courses have been changed. **Trip Around The World Quilt** will now be held on February 22, 26 and 27. **No-Sew Applique** has been changed to April 7, 7 - 10 p.m. and the **Parenting Series** will be held January 12, February 25, March 18 and April 22 from 7:30 to 9:30 p.m.

Some other upcoming courses we want to remind you about are **Potpourri Jar** on Wednesday, January 27, 7 to 10 p.m., **Oil Painting** on Thursdays from 7 - 10 p.m. starting January 28, **Time Management** on Tuesdays from February 2 to March 2, 7 - 9 p.m. and **Machine Quilting** on Wednesdays, 7 - 10 p.m., February 3 to March 3.

Call Verona Lea at 724-4101 to register or for more information on any of these courses.

Introduction to RTAP

Elk Point Town Council received an introduction to the Regional Tourism Action Plan last Monday, when Elk Point's RTAP representative, Billie Milholland, explained the process which is now being undertaken. Only one region in the province has completed the process, with this region being second and the Lamont area just starting. Ms Milholland said that the southern areas of the province are not as much in need of regional tourism planning as the more sparsely settled north.

The introductory meeting was held in July, with five officials from Alberta Tourism present. RTAP has evolved from CTAP, which is deemed to have served its purpose by making communities across the province more aware of their tourism potential. Now Alberta Tourism hopes to encourage communities to reach broader markets through regional promotion, and to find how much more efficient it is to plan tourism and develop cultural and recreational themes on a regional basis. The resort regions of the province have been doing this informally for some years now, Ms Milholland said, and Europe and the USA have marketed regionally with great success.

Concerns presented at the introductory meeting dealt

with the possibility of funding becoming available, and whether large centres of population would want to join. While there is no funding at present, and may not be any later, it is felt that RTAP would make it easier to access federal funding, since there are three Community Futures regions in the area. Economic Development and Trade's Western Diversification and the Northern Development Agreement would also be focused on the RTAP region. The Province has said they will not allow urban areas to encroach on the RTAPs, since these are an attempt to correct an inequitable situation. Participants were assured that there would be no duplication of services because of the RTAPs, since Alberta North and the Lakeland Tourist Association have a different focus, dealing with promotions rather than product identification and development.

The second meeting at the end of November saw discussions on how communities could work together, on cultural awareness and which culture to focus upon. Participants identified their communities' local attractions and recreational opportunities and discussed tour routes and themes. Among the items being considered for product development are ecotourism,

including bird watching, historic trails and river development, cultural tourism, including fur trade history, Ukrainian, White Russian, French, Aboriginal and Metis history and culture, and outdoor adventure recreation such as lake sports, golf, cross-country skiing and winter sports.

At the next meeting in Early February, the group will start the actual planning process by determining competitive markets, doing a scenario exercise, formulating long term tourism plans and seeking regional themes.

During 1993, with progress "depending on how quickly we move," Ms Milholland says the group will identify and determine internal markets and external markers, prioritize objectives and regional goals, and work out action steps. There will be community meetings throughout the region to generate feedback from the public, and final plans will be taken to each participating municipal council for their ratification and endorsement.

Communities taking part in the RTAP are Cold Lake, Elk Point, Glendon, Bonnyville, Grand Centre, LacLaBiche, Long Lake Cree Nation, Cold Lake First Nations, Elizabeth Metis Settlement and Fishing Lake Metis Settlement.

Hunter training

This year's Hunter Training Course will start February 8, with sessions on both Mondays and Wednesdays for five weeks.

The course will cover survival, field techniques, hypothermia, first aid, firearm safety, conservation law and animal identification. First time hunters require a course of this type in order to obtain a hunting licence.

Call Elaine at 724-3536 or Gordon at 724-3803 for further information.

WHAT'S NEWS AT THE LIBRARY?

Thank you to Louis Verhaagen for displaying the book **The General Historie of the Turkes**. This very large, heavy book has the date 1639 on the cover. A book plate on the inside of the front cover names the owner of the book with several quotes. One quote says, "Read slowly, pause frequently, think seriously, keep cleanly, return duly with the corners of the leaves not turned down." I guess this book was not for

recreational reading.

Thanks to Annie Klein for bringing in her troll collection.

New Books

The books bought with money from Elk Point Community Services are now processed and ready to go. There are some very interesting books, including: **Learning To Say Goodbye: When a Parent Dies** by acclaimed childcare expert, educator,

author, and family counsellor, Eda Leshan. With warmth and compassion, the author discusses all stages of grief people need to go through.

Crying Baby, Sleepless Nights by Sandy Jones - The author explains why your baby is crying and what you can do about it.

What Are You Doing With The Rest Of Your Life? by Paula Hardin - Dr Hardin, founder and director of a mid-life consulting centre, weaves together her research, personal experiences, stories and exercises showing us how to live and age well.

Bringing Out Their Best by Wende Gates - This is a parent's guide to healthy good looks for every child.

Peace, Love and Healing by the author of "Love, Medicine and Miracles," Bernie Siegel, M.D. This is about bodymind communication and the path to self-healing.

Published in 1992 by

Reader's Digest Association, the **Complete Book Of Mother And Baby Care** by the Canadian Medical Association, is a complete illustrated practical guide to looking after yourself and your baby, from conception to three years. Both first time and experienced mothers will find this a very informative book.

Biography

BERG, Doreen

Mrs. Doreen Agnes Berg of Lloydminster, Alberta, passed away in the Lloydminster Hospital on Sunday, December 6, 1992 at the age of 57 years. She was born in New Bridgen, Alberta on December 12, 1934. She lived in Hanna, Marwayne and Elk Point before moving to Lloydminster approximately 14 years ago. She enjoyed the sport of curling. She was also a very crafty person and loved to sew, knit, crochet and quilt.

She leaves to mourn her passing: one son Lorn and his wife Angie, and one daughter Roxie and her husband Leonard Bretzer. Four grandchildren: Dustin Berg, Brady, Bailey and Brandy Bretzer.

She was predeceased by her husband Douglas Berg, mother and father, Bridget and George Ross, and by 3 brothers, Jim, Allan and Herman Ross.

The Funeral Service was conducted from the Grace United Church, Lloydminster on Wednesday, December 9, 1992 at 2:00 p.m. with Reverend Daryl Sexsmith officiating. The hymns sung were: "How Great Thou Art" and "Breathe On Me, Breath Of God." The United Church Choir were in attendance. The organist was Irene Knowlson.

Honorary Pallbearers were: Leona Schmidt, Marlene Kondro, Marlyn Ross, Rose and Don Patton, Joan Cote, Frank Graham, Muriel Trenamen, Stan and Eva Henry, Pat and Lloyd Gawley and Harry and Suzanne Shewchuk.

Active Pallbearers were: Lionel Malka, Kevin Ross, Jim Oberg, Glen Fuller, Jim Young and Lyle Ross.

Interment followed the service in the Lloydminster Cemetery. **McCAW FUNERAL SERVICE LTD.** of Lloydminster, Alberta administered the funeral arrangements.

Thank You

Lorn and Roxie, son and daughter of the late Doreen Berg, of Lloydminster, would like to thank friends and relatives for coming and sharing with us the many acts of kindness and support; the visits, the floral tributes, the many cards, telephone calls, food, prayers, and donations in loving memory of Doreen Berg.

All of the above kindnesses are so very greatly appreciated and shall be kept deep in our hearts along with "her" memories.

The loving family of Lorn and Angie, Dustin Roxie and Leonard, Bradley, B.J., Brandy.

Don't Shoot Yourself In The Foot explains why you may be getting in the way of your own success. This book by Dr. Daniel Amen is about a program to end self-defeating behavior forever.

Discover and treat allergies for your child or an adult, in the book **This Is Your Child** by Doris Rapp, M.D., shows parents how to identify the common foods, chemicals or common allergic substances that could be the culprits that cause some children or adults to feel unwell.

Obituary

KELLER, Alfred Charles

Alfred Charles Keller, aged 86 years of Greenwood passed away suddenly December 22, 1992 at his home. He was born Sept. 10, 1906 in England, the son of Joseph and Josephine Keller. When he was very young, his family came to Canada and settled at London, Ont., where he grew up and received his schooling. He served in the Royal Canadian Air Force during World War II. On May 13, 1944 he was united in marriage to Annie Marjorie Barker at Calgary. They farmed near Elk Point, AB. for many years and later moved to Taylor, AB. where he worked for the B.C. Railroad. He retired in 1971 and they moved to Greenwood. He was a member of the Greenwood Senior Citizens Club. He enjoyed fishing, hunting, camping and all kinds of sports, including baseball, hockey and curling. He is survived by his wife, Marjorie of Greenwood; one son, Bob (Glen) of Calgary; one daughter, Anne (Glen) of Toronto; one sister, Nellie Kepke of Greenwood, and two grandchildren, Marsha and Greg, both of Calgary. Cremation has taken place. A memorial service was held Dec. 26 at St. Columbia United Church in Greenwood. Toews Funeral Home had care of arrangements. Memorial contributions may be made to the charity of choice of the Canadian National Institute for the Blind, 1931 Bayview Ave., Toronto, Ont., M4G 4C8.

Bryon Pearman

Looking back at 1992

July and August, 1992 were Elk Point's busiest summer ever, with the many activities of Bicentennial to prepare for and carry out. September meant getting back to the usual routine. Let's take a look back at the summer of '92...

July

Canada Day dawned pleasantly cool, but turned unpleasantly wet during the final minutes of the dedication of the Historical Mural. Afternoon activities were shuttled indoors to the Elementary School due to a drenching downpour...Shanna Baker earned Grand Championship honors at the District 4-H Light Horse Show in St. Paul...Riel Beach Campground was officially opened with a banquet and ceremonies...Friday, July 3 also marked the official opening of Alberta Wheat Pool's Fertilizer Blending Plant...Whitney Lake whooped it up at their annual rodeo...The Hon. Roy Brassard visited the Elk Point WSeniors' Recreation Centre to tour the facility...Elk Point and Ontario students participated in the Voyageur '92 exchange...The Town rezoned three lots in the southwest corner as a potential site for a new Roman Catholic church...The F.G.Miller Class of '72 enjoyed a reunion...A wagon train carrying a thousand commemorative envelopes set off from the Vinca Bridge along an ancient fur trade route, bound for the Bicentennial celebrations...Pearl Bepalko, Homer Poitras and Robyn Moroziuk were the champs at the Ladies, Seniors and Juniors Golf Tournament.

August

Elk Point's biggest-ever celebration of heritage filled the August 1, 2 and 3 weekend full to the brim with activities of all sorts. Clse to five hundred descendants came to pay homage to explorer and fort builder Peter Fidler, the wagon train arrived with the mail, crafters from all over western Canada took part in the Artisans' Festival, and over 1200 visitors toured Fort George - Buckingham House on the first two days of the weekend, enjoying the displays and the black powder demonstrations. The Ag Society hosted a Buffalo Barbecue, midway and dance to round out the weekend...The mid-July closure of Imperial Lumber was a major concern to Town Council...Art Britton won the 9th Annual Oilmen's Golf Tournament...Close to a hundred parents, educators, school trustees and students gathered at F.G.Miller to discuss the ramifications of a possible teachers' strike...The first August snowstorm in memory blanketed northeast Alberta with a thick layer of the white stuff on August 21...Greyhound Bus Lines an-

nounced that they would be discontinuing their service to Elk Point in September, with Quality Time Tours taking over the Marwayne to Edmonton route...Mayor Bruce Kleeberger sold his dental practice to Dr. Jonathan Adams and resigned after nine years on Council...Ernie Poitras, Pearl Bepalko and Robyn Moroziuk were named the 1992 Golf Club Champions...Elk Point Agricultural Fair marked 80 years since its beginning, with Lois Yaremkevich winning the Grand Aggregate award. Charlene Baker, Laura Begg and Lana Graham were High Point winners in the accompanying Open Horse Show.

September

Elk Point Golf and Country Club received a \$50,000 Community Facility Enhancement Grant toward their project of installing grass greens and an irrigation system...School boards and teachers settled a year long contract dispute...Marshall Kachmar made the first bid for the Mayor's chair in the upcoming general election, with Ed Buck and Adele Mandryk adding their names on Nomination Day. Council incumbents Louis Verhagen and Lawrence Pidluzny were in the running with Walter Lesyk, Betty Callbeck, Bill Schuhmacher, May Hendrickson, Vern King, Carol Korpan and Danny Povaschuk, while

Billie Milholland took on Ed Buck in the race for School Trustee...Double the 1991 attendance and almost double the pledges made the Terry Fox Run a big success...Close to 250 people visited Fort George-Buckingham House for the Fall Rendezvous, with the most distinguished visitor being the Factor of Fort Edmonton, who was warmly welcomed by Fort George's wintering partner...Information Night '92 was well attended and very informative...Shannon Capjack took Best All-Around Student honors at F.G.Miller's Awards Night...The Chamber started off the new season with the presentation of Bicentennial Best Dressed Business awards to the Treasury Branch, TD Bank and Quality Tools...Northern Lights Library System celebrated the official opening of their Headquarters with the Hon. Doug Main, the Hon. Ken Kowalski and MLA John Drobot joining Board Chairman Ron Young for the ribbon cutting...F.G.Miller's Girls' Golf Team won the Provincial Championship...The Hon. Roy Brassard was keynote speaker at the Alberta Council On Aging Annual Fall Conference at the Elk Point Seniors' Recreation Centre...Heinsburg High's Overall Average awards for the 1991-92 school year went to Lily Thomson and David Skolarchuk.

Sports and Rec

Bullies host Micro Novice tournament

Two teams of Elk Point Bullies hosted last Saturday's Micro Novice tournament, which had visiting teams from St. Paul, Glendon, Lloydminster and Bonnyville.

Preliminary games saw Elk Point No. 2 defeat St. Paul 16-12, Elk Point No. 1 shut out Glendon 11-0, Lloydminster down St. Paul 17-8, Elk Point No. 1 win over Bonnyville 7-2, Lloydminster edge Elk Point No. 2 14-12, and Bonnyville trounce Glendon 9-2.

This put Lloydminster against Elk Point No. 1 in the final game, with Lloydminster taking a decisive 10-1 win for trophies donated by John and Ida Maksymec's Spruceview Simmentals. The Maksymecs also donated pizzas from Dave's Pizza to the MVP of each game, plus six pizzas to the finals winner and four to the finals runner-up. Second place trophies were donated by Pan Canadian Petroleum.

Other sponsors of the tournament were Elk Point Insurance and Realty, Tarsands Steam Cleaning, Hahn's Welding and Oilfield Servicing, Wild Rose Salers, Empress Family Restaurant, Shamrock Valley Enterprises,

Kedd Farms, Banana Hill Farms, Home Town Grocers, Balebusters, Norcen Energy Resources, Treasury Branch, Fred and Janet Lawrence, Sport Check, Ken and Claire Ference, and Calvin and Darlene Kozicky.

LLOYDMINSTER WINS TOURNAMENT - Lloydminster Micro Novices won a decisive victory in the final game of Saturday's Micro Novice Tournament hosted by Elk Point Bullies.

ELK POINT BULLIES NO. 1 - were the runners-up in Saturday's six team Micro Novice Tournament.

Windsor mixed spiel

GRAND CHALLENGE A FAMILY AFFAIR - Three generations of Andersons took part in the Grand Challenge at the 1993 Windsor Club Mixed Bonspiel, with Mike Breen presenting the Canadian Salt trophies to (back row, left to right) Don Anderson, Janet Lawrence, Ron Ballas and Diane Hawryluk, after their win over (front, left to right) Don's nephew, Brad Anderson, Don's mother, Pearl Anderson, Jerry Repka and Nancy Adkins. Wayne Hanson's rink placed third and Mike Breen's rink fourth in the First Event.

Elks, Mustangs tie 4-4

Last Tuesday's game between Elk Point Elks and Dewberry Mustangs was a whole different story from the contest between the two top Sask-Alta teams the previous Friday night.

That fact didn't become apparent during the first half of the game, as the Mustangs scored twice in 44 seconds, then added a third four and a half minutes later, in the first period, and brought the score to 4-0 with just over 8 minutes left in the second. Colin Zack, Bobby Oneschuk, Blair Hanna and Jason Elliott were the goal scorers, with assists by Hanna, Oneschuk, Dennis McCormick, Tyrel Brock, Mike Rainey, Kent Boyd, Scott Simmons and Darcy Whitlock.

Throughout that time, Elk Point had kept up a steady onslaught on the Mustangs' goal, but to no avail. John Olson finally made it past Dewberry's excellent netminder with 4:43 remaining on the second period clock, off assists by Mike Boratynec and Kerry Loughran.

Three more Elk Point goals found an opening in the first half of the third period, scored by Elks newcomer Layne Gauthier, unassisted, John Soldan, assisted by John Olson and Kerry Loughran, and Willie Lesyk, assisted by Terry Wozniak. With the score tied, both teams kept up a running battle through the balance of the period, but could not break the tie. Five minutes of overtime had the same effect, and showed further how well matched these two teams are.

Well matched, but feisty, that is. The doors of both penalty boxes kept swinging throughout all three periods of regulation time, with over 70 minutes in penalties recorded.

Elks 9 - PV 4

Friday night saw the Elks at home to Paradise Valley Jets. The Elks took an early lead with three first period goals to one for the Jets, however the Jets added two in the second to one for the Elks to narrow the margin. The Elks took off with five more in the final period, while the Jets scored a single for a final 9-4 score.

Rick Marcoux led the Elks scoring with a pair, while Lindsay Jenner, Corey La-

boucane, Greg Desaulniers, John Olson, John Soldan, Terry Wozniak and Kelly Harms added one apiece. Assistants were by Greg Desaulniers and Layne Gauthier with three each, and by Lindsay Jenner, Jeff Buck, Jason Pankiw and George Ward.

Kitscoty 12 - Elks 11

Late word just received indicates that Kitscoty scored an overtime goal to break an 11-11 tie in Sunday afternoon's game against the Elks in Kitscoty.

NEAT at the Butterdome

The North East Alberta Track Club was golden at the Golden Bear Open Track Meet at the Butterdome in Edmonton last weekend.

NEAT brought back an even dozen medals from Edmonton in a track meet which featured some of the top clubs in Alberta.

Glen Cherniwchan continued to show strong form as he won four medals; winning silver in the midget boys' 300 metres and long jump and grabbing bronze in the 600 metres and the shot put.

The multi-talented Cherniwchan is having an "awesome" year as he trains for the pentathlon, according to NEAT coach Reg Green.

Joni Matthews from Elk Point "had a big win" in the midget girls' long jump with a personal-record jump of 4.77 metres. More than 10 centimetres longer than the runner-up. Matthews also won a bronze medal in the midget girls' 300 metres.

Erica Nielsen continues to win medals despite the fact she has moved up from peewee to bantam this year.

Nielsen won a pair of bronze medals for her efforts in the bantam girls' 300 metres and long jump. Nielsen jump of 4.27 metres was a personal best.

In the bantam boys' long jump, Jason Cabaj from Bonnyville took home the silver with a jump of 4.33 metres. The jump was a personal record for Cabaj.

District finalists

The Royal Canadian Legion, Elk Point Branch No. 151, congratulates Jeffrey Dostie, Michelle Hutton, Clinton Maksymec, Kimberley Wilson and Andrea Myshaniuk for advancing to the District finals in the Remembrance Day Poster, Poetry and Essay contest.

Presentation of the certificates will be at the Seniors' Recreation Centre, but the date is not known at this time. Family, friends and teachers are encouraged to attend. Please watch for further details.

SECOND EVENT - Don Anderson presents the Don Anderson Gravel Hauling trophies to (back row, left to right) Jim and Cheri Lindquist, George and Diana Anderson after an exciting extra-end final in which they defeated (front, left to right) Bill Pacholek, Helen and Walter Skolarchuk and Nellie Hillebrand. Page White skipped the third place rink while Tom Hodge placed fourth in the Second.

THIRD EVENT - The Lawrence Bros. Corral Cleaning trophies were presented by Janet Lawrence (left) to (back row, left to right) Bob Kinjerski, Shirley and Darrell Kinneberg and Grace Kinjerski after their final victory over (front, left to right) Ed and Adeline Smuk, Derek Topolnisky and Loretta Smuk. Milton Lorenson's rink placed third and Kim Young's foursome was fourth in the Third event.
